News From KATCO

Ms. Clarissa Cooper was between a rock and hard place. Then there was a fire. This showed just how vulnerable she might be without an emergency escape exit. Even with help from her parents, she sought assistance from her local bank but was unsuccessful. Clarissa happened to catch a KATCO radio spot and quickly decided it was worth a try. She called and requested an application, which promptly arrived in the mail. Ms. Cooper stated surprise how simple it was to complete. "The application was a snap. One of the other things I really liked was the KATCO staff always kept me informed of where my application was in the process."

It only took a short 7-10 days to process the application. "I was very happy with the terms I was offered when I was told I was approved" said Ms. Cooper. "Alliance Bank has been very helpful anytime I have called them." When asked if she would recommend a KATCO loan to anyone looking to fund AT, Ms. Cooper replied with a smile, "I've already sent in my second application."

"I was very happy with the terms I was offered when I was told I was approved"

KATCO works closely with Housing & Credit Counseling, Inc., or HCCI. This recognized credit counseling and education agency has programs to help you! HCCI assists consumers achieve financial goals and resolve related difficulties with dignity. Their staff of skilled counselors are available to with many financial difficulties.

*Call to find an office near you.
1-800-383-0217, or www.hcci-ks.org*

We do more than just finance AT and DME. In visiting with our applicants we *learn* what their living and financial circumstance are and we *provide information* about possible external funding services. We *work with* vendors, credit counselors, program managers to assist our applicants in obtaining as much information and guidance as possible.

Customers who obtain financing from us *continue to receive support*. Our financial partners *explain* the loan documentation *process*, beginning and maturity dates, and repayment options. Customers know they can call KATCO or our partner banks when they have questions or need specific assistance.

Our goal is to provide information and support so an applicant leaves the KATCO experience with more information and resources than when he or she first applied.
